

Core

GROW YOUR BUSINESS. TAKE BACK YOUR TIME.

Aaron Partridge

CEO, Double A Landscaping LLC
Core '24

"I didn't think I had time for Core, especially with the commitment going into our busy season. However, by committing to Core, I've learned what it means to be a good leader. You can't do everything. My job is to build a team and find solutions to problems. By implementing new techniques learned from my classmates and the expert speakers, I have already begun freeing up my time."

THE FOUR KEY METHODS TO DRIVE YOUR SUCCESS

1 Core competencies experiential workshops

Learn from expert facilitators with relevant real-world experiences in areas such as cash management, strategic vision, legal issues, HR strategies, digital marketing, corporate culture, succession planning, innovation, risk management and operational efficiency.

2 Your mentoring team

Partner with a seasoned and accomplished entrepreneur who understands the unique challenges of your business. Your mentor will offer dedicated support throughout the entire program, serving as a trusted and insightful guide.

3 Interactive clinic sessions

Receive tailored feedback from a dedicated team of subject matter experts during a two-hour session focused exclusively on your business and its unique goals. This customized approach ensures targeted insights and actionable strategies to help you achieve your objectives.

4 Peer support

Your teammates become your sounding board, supporting you in advancing your business and reaching your objectives. They will help broaden your network and ensure you stay accountable.
