DEVELOPING EDUCATORS IS IN OUR DNA

We understand the challenges that school districts like yours face in closing critical skills gaps, retaining exceptional faculty and finding the next generation of teachers.

Our goal is to empower educators with the skills and knowledge they need to succeed in the classroom and provide the best possible student outcomes.

HOW WE HELP

Upskill Your Existing Talent

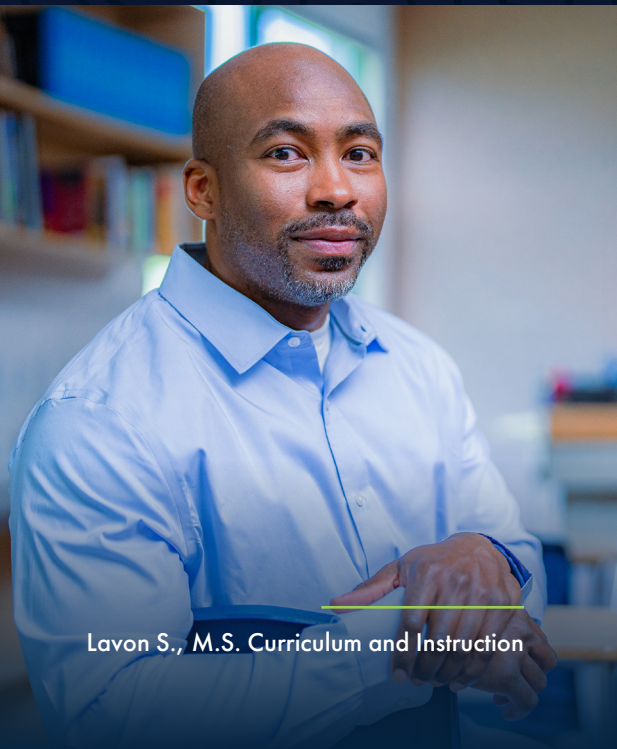

- Whether it's preparing a current teacher to step into an administrative role or getting a paraeducator ready to take the next step and run their own classroom, WGU can help.
- WGU programs help your educators gain the skills they need to directly and positively impact your school district and your students.

Retain Your Existing Talent

- Teacher turnover can result in lost productivity, low morale, and poor student outcomes. Employees are more likely to stay with a school district that invests in them.
- Partnering with WGU shows your staff that you're committed to their success, and the success of your students. Our flexible degree programs give your team the knowledge and skills they need to help your district succeed.

Gain Access to New Talent

- Access to a broad and deep talent pool is important because it allows your school district to be more innovative and produce great student outcomes.
- WGU's School of Education is one of the largest in the country. With more than 100,000 School of Education alumni across all 50 states, you're sure to find one of our graduates right in your backyard.
- We help prepare students for teacher licensure in all 50 states, so you can rest assured that WGU grads are ready to make an impact in the classroom.

Lavon S., M.S. Curriculum and Instruction

WHO WE ARE

WGU is an accredited and nonprofit university that was founded in 1997 by 19 U.S. governors who wanted to provide working adults with a more convenient and flexible higher education system.

Over 300 organizations of various sizes and across multiple industries nationwide rely on WGU to educate their workforce and be their strategic thought partner to address talent and workforce development challenges.

WGU provides flexible learning solutions, from single courses, bundles, and certificates to bachelor's and master's degrees in Business, Technology, Education, and Healthcare, empowering every level of your organization with the skills and knowledge needed to succeed and positively impact your bottom line and productivity.

YOUR AFFORDABLE EDUCATION PARTNER

Our accelerated education model and built-in discounts make tuition less expensive.

At WGU, your employees have access to high-quality, relevant education that is less than the national average*, so your company's tuition assistance dollars go further.

And because our education model is based on competency, students can move through a program faster than traditional universities. Progress at WGU is measured by proficiency and knowledge rather than time in a seat or learning according to a set course schedule. Your employees can use their existing knowledge to move through courses faster, further reducing the cost of their education. And because online courses are available 24/7, they can gain relevant skills without disrupting their work schedule.

*According to the Integrated Postsecondary Education Data System (2023).

WHY SO MANY SCHOOLS CHOOSE WGU AS THEIR TALENT SOLUTION PARTNER

Expertise in Professional Education

WGU specializes in educating and upskilling educators across the country through flexible, competency-based education. Our teacher preparation programs are AAQEP* and CAEP accredited.

Relevant, Timely Curriculum

Our programs are developed with industry experts and leaders to ensure the curriculum is relevant, useful, and current. Whether it's a current teacher preparing for an administrative role or a paraeducator looking to run their own classroom, we've got it covered.

No Disruption to Employee's Work

Educators are busy, we know that. Our programs are designed with them in mind. With courses and tests available online 24/7, our students work at their pace, making it easier to balance work, life, and education.

Comprehensive Support

Our students are never alone. Each learner is paired with a dedicated program mentor who provides 1:1 guidance from day one to graduation. This helps ensure that our graduates are ready to help drive positive student outcomes.

Access to Diverse Talent Nationwide

As the nation's largest conferrer of classroom-ready educators in the (IPEDS 2021-22), WGU provides you with access to a broad and diverse talent pool.

*Initial licensure programs.
